

# Student Protection Policy

We are confident that you will benefit from our program just as thousands of others have. Because of this, we offer the following generous Student Protection Policy:

Students may withdraw from U.S. Career Institute™ at any time by notifying us of their intent to cancel. The tuition students owe upon withdrawal is determined by how many of the assignments they have completed, deducting all payments made. Upon cancellation, the amount due to the school or the amount refunded to the student is calculated according to the following schedule:

1. If the student cancels within seven (7) calendar days after receiving the materials, and has not submitted any assignments, the student is entitled to a full refund.
2. If the student cancels after seven (7) calendar days and has not submitted any assignments, the school is entitled to a non-refundable registration charge of 20% of the total tuition, not to exceed \$150.
3. If the student cancels after submitting an assignment, the school is entitled to the above non-refundable registration charge plus a charge calculated according to the following schedule:
  - a. If the student completes up to 10 percent of the assignments, the school is entitled to 10 percent of the refundable tuition.
  - b. If the student completes between 11 and 25 percent of the assignments, the school is entitled to 25 percent of the refundable tuition.
  - c. If the student completes between 26 and 50 percent of the assignments, the school is entitled to 50 percent of the refundable tuition.
  - d. If the student completes between 51 and 75 percent of the assignments, the school is entitled to 75 percent of the refundable tuition.
  - e. If the student completes more than 75 percent of the assignments, the school is entitled to the full tuition.
4. If the student has not completed the program in 12 months, the school is entitled to the full tuition and no refund will be issued.
5. Any refund due will be issued within 30 days of our receipt of notice of cancellation.
6. Shipping and handling are not refundable.
7. A \$20 NSF fee will be assessed on payments returned for insufficient funds.

**INTERNATIONAL STUDENTS:** Tuition payment must be in U.S. funds. Students in Canada, Mexico and other foreign countries are responsible for any applicable custom duties and/or GST.

Postponement of a starting date, whether at the request of the school or the student, requires a written agreement signed by the student and the school. The agreement must set forth: a) Whether the postponement is for the convenience of the school or the student, and: b) A deadline for the new start date, beyond which the start date will not be postponed. If the course is not commenced, or the student fails to attend by the new start date set forth in the agreement, the student will be entitled to an appropriate refund of prepaid tuition and fees within 30 days of the deadline of the new start date set forth in the agreement, determined in accordance with the school's refund policy and all applicable laws and rules concerning the Private Occupational Education Act of 1981.
