Dear Future Animal Care Provider,

You shouldn't be surprised to discover that the need for qualified Animal Care Specialists is at an all-time high. Imagine...

- Over 30 MILLION dogs and cats are born in the U.S. every single year!
- All over America tens of thousands of animals are brought into animal care facilities each week...

And not just dogs and cats—all kinds of animals. Horses, birds, exotic, even wild animals. All of them have one thing in common: the need for humane care from trained animal care providers.

In as little as four months you can be an Animal Care Expert!

Now you can become one of the committed individuals who stand ready to give help to those in need—and you can do it faster than you ever thought possible—in as little as four months or even less!

That's right! Four months from now you could be working in a veterinarian's office, animal care hospital, kennel, zoo, or even go into business for yourself as a groomer or breeder.

A fulfilling career that requires a special person...

Animal care is a special field that requires a special person. If tears have ever come to your eyes while you held a sick or injured pet in your arms,

2001 Lowe Street, Fort Collins, CO 80525

then we think you are special. If you've dreamed of making the lives of our pets healthier and happier...then we *know* you are special!

You may be surprised to learn that you already possess two of the three most important things necessary to be successful in the animal care field...

We believe that in going to the trouble of requesting this Animal Care Information Kit, you have shown that YOU possess two of the three things you most need to be successful as an Animal Care Specialist...

1. You're excited by the thought of turning your love of animals into a real career.

and...

2. You'd like to participate in a field in which you can make a real difference in the lives of pet owners who love their animals.

Now, with this U.S. Career Institute Information Kit, you possess the third most important thing you need to be successful—professional, expert Animal Care training you can complete at home...on an easy-to-afford, low monthly tuition plan.

No previous veterinary experience necessary to get your Career Certificate as an Animal Care Specialist!

With this program, everything is provided and you need no previous animal care experience because we guide you all along the way. Our easy-to-understand "quick-learn" lessons include step-by-step instructions. Plus illustrated demonstrations and unique flashcards jump-start your progress! You'll refer to them as you actually "go through the motions" of assisting the veterinarian.

You'll be in a classroom of one...so there's never any pressure. You can progress through your lessons at your own pace. When you're ready, you will take an open-book exam that tests real understanding (not just how many facts you can memorize).

You'll start with the basics...

- General animal behavior
- Proper handling of animals
- How to respond to routine emergencies
- How to properly assist the veterinarian

Then you'll progress to more advanced subjects such as...

- Physiology and pathology
- Mending injuries and curing diseases

(See the enclosed Course Outline for a complete list of all the subjects included in your training.)

**Professional assistance is always available—
just send us an email or call us toll-free.**

Even with email and toll-free help as near as your fingertips, most people find our lessons so easy to understand that they get along fine on their own. But if you ever need a little assistance, it's there for you. We make it so easy that you'll be amazed at how quickly your confidence builds as your love of animals is transformed into the ability to make them healthy and happy.

**Hundreds of opportunities...
work for a veterinarian or for yourself—
even start your own grooming business out of your home!**

The pet care field offers many options and this course will prepare you to take full advantage of them. Our "Jobs Finder" guide will help you with its unique job search techniques. Or you might be interested in working for yourself. For instance, you'll be fully trained in pet grooming. Many animal groomers start their own pet grooming business working out of their home.

**The special U.S. Career Institute advantage...
something no other home study program can match!**

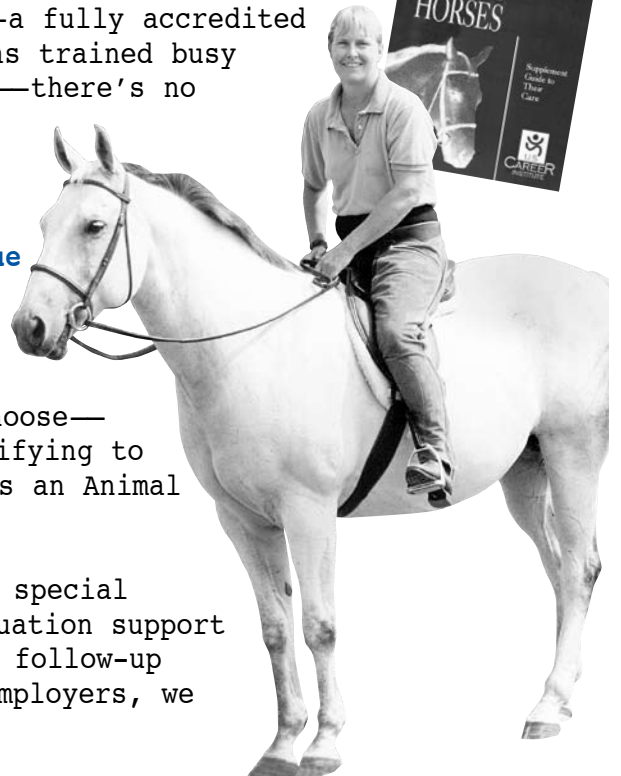

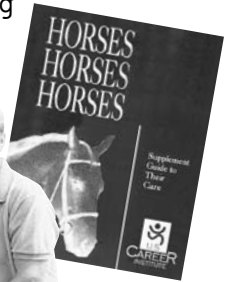

The up-to-date Animal Care Specialist training you'll receive from USCI is the finest of its kind available today. You also get the special USCI advantage: for over 25 years we've specialized in training people for careers in medical and technical support fields.

With our impressive credentials—a fully accredited and state-approved school that has trained busy adults at home for over 25 years—there's no question that with USCI you're assured of the absolute best in at-home career training.

**Your Career Certificate and unique
follow-up services...
we're always here for you!**

Once you complete your training—and you can do it in as little as four months if you choose—you'll be awarded your Career Certificate, signifying to the industry that you have been fully trained as an Animal Care Specialist.

But we don't stop there! Along with your special "Jobs Finder" guide, you'll also get after-graduation support services. We help with résumés, interviews and follow-up techniques. When we receive job requests from employers, we

keep this information for our graduates.

**Follow the path to an exciting and fulfilling
career working with veterinarians...**

Now you have all the facts and know what the opportunities are. But the opportunities can't happen unless you take your first step and act now! So begin by completing the enclosed enrollment agreement. Return it in the postage-paid return envelope.

Or for faster service, call our **toll-free EasySTART number at 1-800-528-7907** to learn about our special offers and enroll right now!

**For a limited time, please accept our special
enrollment gift to you...**

As an added incentive, we also want to send you an enrollment gift to help you get off to an even quicker start! For a limited time only, we've instructed our counselors to include a BONUS Gift Certificate in this package—simply return it to receive your gift!

**There's no reason to wait...
go for your dream today!**

You've already expressed your desire and interest in helping animals. Now take the next simple step and start an exciting new chapter in your life—begin your step-by-step training to join the Animal Care Team. Send in your enrollment agreement or call us toll-free at **1-800-528-7907** today! We promise that everyone here at U.S. Career Institute will do whatever we can to help you succeed.

There's nothing we look forward to more than mailing you your first lesson shipment—it will arrive just a few days after we receive your Enrollment Agreement!
